About the National Father's Day Committee

The National Father's Day Committee is an entity of the Father's Day/Mother's Day Council and exists for the purpose of conferring Father of the Year Honors on contemporary lifestyle leaders of our culture. The Council is a not-for-profit, non-commercial organization with a philanthropic goal. The funds raised by our Annual Father of the Year Awards Presentation are directed to the support of worthwhile concerns affecting men, fathers, and families. The objective of this 64-year-old program is to enhance the meaning of Father's Day—Sunday, June 18, 2006—and encourage universal observance.

The Father's Day/Mother's Day Council Mission Statement

The Council's primary goal is to promulgate and publicize the months of May and June as national recognition periods to honor mothers and fathers.

Attendant to this mission is the ongoing emphasis on family, citizenship, charity, civility, responsibility and reverence. Honoring men and women who portray and epitomize these qualities honors not only the Council and our membership, but also all America's families.

The Council's mission simultaneously focuses on maintaining and motivating a multimillion-dollar retail gift-giving-season celebration of parents, as well as designating a meaningful portion of its revenues to charities.

1. *Principio de la vida humana.* El ser humano es un ser vivo, que nace, crece, se reproduce y muere. Su vida comienza en el momento de la concepción, cuando el espermatozoide y el óvulo se unen para formar un cigoto. Este cigoto se divide y se desarrolla en un embrión, que luego se convierte en un feto. El nacimiento marca el inicio de la vida independiente del individuo.

SAVE THE CHILDREN GULF COAST HURRICANES
RECOVERY FUND FOR CHILDREN

Mission and Strategy

Save the Children is the leading independent organization creating lasting change for children in need in the US and around the world. Through the Gulf Coast Hurricanes Recovery Fund for Children, Save the Children is assisting boys and girls in the hardest-hit states of Alabama, Louisiana and Mississippi through school and community-based programs in concert with local schools, community groups and mental health professionals. Save the Children is improving storm-affected boys' and girls' well-being and quality of life through psychosocial interventions that address immediate emotional needs; out-of-school activities that enrich and protect the restoration and enhancement of the child care infrastructure.
